## GOP TAKES ON 'STATISM' CRY IN CAMPAIGN

Wherry Believes Welfare  
State Idea Should Be  
Basic Issue In '50

WASHINGTON, Sept. 8—(AP)—Republicans are picking up the word "statism" as the party's unofficial battle-cries against the Democrats' "Fair Deal" program. Some Republicans want their party to make the fight against "statism"—or a social welfare state—the basic issue in all major elections. They charge that President Truman calls his "Fair Deal" program is leading the country toward greater and greater state control over every man, woman and child.

**Asks Stand**  
Republican Floor Leader Wherry of Nebraska has asked GOP policy makers to take an official party stand on this issue.

"We've got to fight statism, the social welfare government, or whatever you wish to call it," Wherry told a reporter. "Government economy and opposition to statism are two issues every Republican can agree on." Other Republicans agreed with Wherry. But Democratic leaders hooted at the idea that "statism" can be made a political campaign issue.

President Truman in a speech last Monday called the cry of "statism" one of several "trumped up slogans" fostered by those who would frighten people in higher income groups.

Democratic Leader Lucas of Illinois said: "It's just another slogan. The Republicans originate a new one every campaign. But they can't win on a slogan. The people want something constructive as we have given them." Charges of "statism"—generally hurled as an epithet at the Democratic administration—are creeping more and more into public speeches by prominent people.

**Byrnes First Used It**  
James F. Byrnes, former Democratic Secretary of State, first used the word last spring when he warned against the growing power of the federal government.

Republicans gleefully picked up the word in attacking the Democratic administration. Recently Gen. Dwight D. Eisenhower, now president of Columbia university, lashed out against "statism" in a speech which some Democrats thought sounded very much like Republican political talk.

### FIRST DAY SCHOOL

SCENES show at upper left the R. D. 3 school bus loading up at McKinley school. J. E. Miller is the driver. At upper right Kenneth Jacobs, new High School teacher gives his Health Education class their first assignment. With the Reilly construction program in full swing children at this school must pass through a covered tunnel to the playground as shown at lower left.

Kindergarten teacher, Miss Harriet Percival at Buckeye school helps first-day student Kathryn Cameron to become acquainted with the junior-size washroom facilities. Sally Allen of R. D. 1, Salem gave a realistic scream as she posed under a car's bumper. Drivers are reminded that they must be extra careful around school zones to make sure the scene at lower right doesn't become a reality.

## Taft Plans Visit To Ohio Factories

CLEVELAND, Sept. 8—Sen. Robert A. Taft, who expects his strongest opposition to come from labor, planned to rub shoulders with factory workers today.

Pushing ahead on his 100-day Ohio tour, the Republican leader set out to visit the Chardon Rubber Co. and the Middlefield Rubber Co. in Geauga county. The Senator's aides said he would answer any questions put to him by the workers and possibly ask a few of his own. Taft began his "report to his constituents" Sunday and on the following day the AFL opened its campaign to have him defeated next year.

Speaking at a Berea high school GOP rally last night, Taft said President Truman's "Fair Deal" program would not be passed because congress "whether Democratic or Republican disagreed with it." Truman damned the 80th congress, he said, but the Democratic 81st still does not agree with his ideas.

## Youngsters Romp Back To School, 2586 Strong; Many Find "Newness" Great; Enrollment Up 203

### Editor To Address Faculty At Mount

ALLIANCE, Sept. 8—Grove Patterson, editor-in-chief of The Toledo Blade, will deliver the climax address to the members of the Mount Union college faculty at its annual conference to be held Friday and Saturday.

Closing the session on "general education in the liberal arts college," he will speak on the topic "Education—for What?" at a banquet Saturday evening. Patterson is the past president of the American Society of Newspaper Editors. The Spanish government awarded him its highest honor, The Order of Isabella, in 1934. He was also decorated by the Polish government in 1938 with the gold cross of merit.

His many journalistic activities have taken him to Switzerland, Italy, the Balkans, Russia, Scandinavia, Japan, Korea, China, the Philippines, and South America.

Dr. Raymond F. McLain, President of Transylvania college, Lexington, Ky., will be the principal discussion leader for the conference.

### Suffers Injuries In Route 9 Auto Accident

Multiple lacerations of the face, scalp and arm and contusions of the chest were the injuries sustained at 8:15 p. m. yesterday on Route 9, five miles south of Salem, by William Dyke, 44, of Alliquippa, Pa.

He was injured when he failed to make a curve in the road there. After treatment at Central Clinic he was released.

He was alone in the car. The car was damaged on the left side, according to State highway patrolmen. Raymond Grace of Follansbee, W. Va., was arrested at 5:45 p. m. yesterday on Route 558 near East Palestine for driving on a temporary permit. He was fined \$10 and costs before Mayor Walter Hunston of East Palestine.

Salem's school children—ranging from five to 19 years of age and totaling 2,586—romped merrily to classrooms today for the first full day's work in the new 1949-50 term.

On the whole, school officials report, the youngsters seemed happy to be back in the old groove. And for many, it is a banner year for they are now located in spick and span new school rooms.

The situation, however, still remains a bit more crowded than school authorities would like, but the problem of the influx of new youngsters is gradually being whipped.

**Over 1948 Figure**  
Supt. E. S. Kerr reported today that the new first day total is 203 over the 1948 figure. Of this increase, Kerr estimates, the significant gains were again recorded in the elementary schools, especially in primary grades.

There's a lot of "newness" around the Salem public schools these days and the youngsters are getting a big bang out of it.

Probably the cutest and most thrilled group is the clan of 136 five-year olds now enjoying the shining new kindergartens in use this year.

These little tots are now housed in special rooms in Buckeye, McKinley, Prospect and Reilly schools. There are 25 under Miss Harriet Percival at Buckeye; 48 under Mrs. Evelyn Park at McKinley; 30 taught by Miss Elizabeth Boyd at Prospect and 33 tiny ones under Miss Sarah Wilson in Reilly school. All are having a fine time, their teachers report.

### Jumps Shown

Kerr says there are 53 more pupils enrolled in the regular elementary schools than at this time last year. The Junior High school gained 10 students this year and the High school 14. Seven new pupils enrolled at the High school just this morning. Second grade enrollment at Prospect and McKinley schools is crowded, as are the fifth and sixth grades at Junior High. These conditions will be corrected with re-arrangement of pupils, Kerr said.

Some students at McKinley and Prospect schools are now housed in the new additions voted by Salem people. Four new

classrooms and a gymnasium-auditorium comprise each of the new additions. The gym at McKinley is not yet in use, but it should be finished before too long.

Looking around the schools, here are some interesting facts gleaned on opening day:

### High School

Principal Beman Ludwig reports a total enrollment of 798, 14 more than last year at this time. New courses offered this year include Sophomore journalism, taught by Miss Betty Ulicny, and farm management, taught by Glenn Swanger, a class for seniors only. New teachers include Donald Mumford and Kenneth Jacobs, while Everett "Bud" Dean, a football assistant, has been transferred from Reilly to the High school.

Activities are already thriving at the High school. Ben Barrett has been working with his football squad since Aug. 20 and will open the season with New Philadelphia just a week from Friday. The band, under Howard Pardee, has been practicing at Reilly stadium and in the music room for more than a week. It will appear at the Columbiana county fair next week in its first public showing.

Miss Edith Cope has begun work with her Girls' Athletic association and Thomas Crothers, vocal music specialist, has three chorus groups already rehearsing. A new addition is the girls' chorus.

Miss Irene Weeks, cheerleader coach, has picked Nina Snyder head cheerleader with Joan Domencetti, Helen Gottschling and Helen Schuller as the varsity crew. They're set for the first game and will take part in the pep rally assembly next week.

### Junior High

It's reported that "Fourth Street school," as such, no longer exists. It's "Junior High" now and is all one organization under Principal Loren Early. Of course there are still grades in the building, but the name of the school is officially changed.

In the Junior High grades, which total 366 this year, Coaches Rog-

## 52 MISS AMERICA BEAUTIES PREPARE FOR SECOND ROUND

ATLANTIC CITY, N. J., Sept. 8—(AP)—Hopeful, hard-working Miss America contestants face a busy time of it today in preparation for the second round of preliminary contests.

The 52 beauties culled from the cream of the nation's crop begin their day at 9:45 a. m., when they leave their hotels for a breakfast conference with contest judges.

They must get the sleep out of their eyes and be on their toes—breakfasttime is when the judges form opinions of personality qualities of the gorgeous gals. Personality is one of the four considerations in selecting finalists for the Saturday night showdown.

At 12:30 p. m. the girls report to Convention hall for an arduous rehearsal of tonight's second preliminary in the bathing suit, talent, and evening gown divisions.

After an hour or two of this, the chaperones—one for each contestant—pick up their charges at Convention hall. Their afternoons are free for sightseeing or resting. But no dates. Contest rules don't allow it.

Next on the agenda comes dinner, and the tension begins to mount. Tonight may be the night, which will bring her the points to make her a finalist.

The rewards are great. Miss America of 1949 will get a \$5,000 scholarship. The retiring Miss America, Bebe Shopp of Hopkins, Minn., reportedly picked up an additional \$50,000 in personal appearances during the last year. Another \$20,000 in scholarships goes to the runners-up.

In the first preliminary last night, Miss Arizona and Miss California tied for first place in the bathing suit division. They are Jacqueline Mercer, 18, of Litchfield, Ariz., and 19-year-old Jane Ann Pederson of Santa Rosa, Calif.

Sultry violin renditions of gypsy airs won hands down in the talent division for Gloria Yvonne Burkhardt, 19, Miss Minnesota.

## Fact-Finders To Report Saturday; Union, Firms Figure Strike Is Sure

By CHARLES H. HERROLD  
WASHINGTON, Sept. 8—(UP)—President Truman is considering making a new appeal for postponement of the nationwide steel strike now set for next Wednesday, informed sources said today. These sources said a White House plea is the only hope for heading off a walkout by almost 1,000,000 workers represented by the CIO United Steelworkers. They said there will not be time to mediate a settlement before the deadline on the basis of recommendations to be made by Truman's fact-finding board.

## BRITAIN WANTS BIGGER MARKET

Cripps Asks Economic Aid  
To Stabilize Britain's  
Financial Status

WASHINGTON, Sept. 8—(AP)—Britain confronted the United States today with an urgent appeal to enlarge American markets for British goods.

Sir Stafford Cripps, chancellor of the exchequer and his country's spokesman in the three-power economic talks underway here on Britain's economic crisis, did not specify how this might be accomplished.

Presumably he has in mind drastic tariff reductions as a long range step by the United States to help Britain earn the dollars that are necessary to enable it to pay its own way in the world again.

Cripps focused virtually his whole case for American aid in stabilizing Britain's finances on his request to "enlarge our opportunities of earning" dollars.

He made the same appeal to Canada. Canadian Finance Minister Douglas Abbott, backing up Cripps' request for readjustments in basic American economic policy, declared that Canada stands ready to do what it can in the present world situation.

Secretary of the Treasury Snyder, the American spokesman, promised "sympathetic consideration" to suggestions made by Cripps and Abbott for arresting the drain on Britain's dollar reserves and seeking to balance Britain's world trade.

At the same time Snyder renewed his emphasis on the American position that Marshall Plan aid must end in 1952 and that Britain's major need is to become self-sufficient by that time.

Cripps, Abbott and Snyder set forth the basic positions of their governments at the second session of the three-power British critic talks which opened here yesterday. All dealt in fairly general terms. None mentioned the question, much discussed publicly, whether the British pound sterling should or would be devalued.

The third meeting of the conference was called for 10 a. m. (EST) today. Its announced purpose was to assign among committees specific subjects for detailed study. These may provide the basis for decisions by the chief delegates of the three countries by the end of the conference.

At 4:00 p. m. (EST), Cripps and British Foreign Minister Bevin were scheduled to meet with President Truman at Blair House. Such calls on the president are customary for visiting cabinet members of foreign governments. But the meeting obviously afforded the Britishers an opportunity briefly to discuss the dollar crisis with the chief executive.

The three-man board is due to come here tomorrow and report to the President on Saturday. The panel was set up in mid-July after the union and the steel companies agreed to a White House proposal to maintain the status quo for 60 days. The disputed issues include wages, pensions and insurance.

Truman is expected to make the board's report public immediately Saturday and call on Federal Mediation Director Cyrus S. Ching to get the parties together in a new attempt to work out an agreement without a strike.

Ching is now in New York attempting to bring about a settlement of the Hawaiian Longshoremen's strike.

### Call Meeting

The steelworkers wage policy committee and executive board have been called to a meeting Monday in Pittsburgh. It is to those groups that Truman probably would address his request for a further postponement of the strike, if he should decide on such a course of action.

Prospects of heading off a steel walkout are gloomy because of the firm positions taken by both union and management before the fact-finding board. Federal labor officials had hoped that the emergency panel might succeed in obtaining a settlement without having to report recommendations to the White House. But that change faded when the steel companies insisted on company-by-company mediation.

Informed sources said there is a strong possibility that both sides will reject the board's recommendations, either in part or entirely. Union officials are known to feel that failure of the board to recommend pensions would justify a rejection. Industry reportedly will turn down

## Hurricanes Alert East, West Coasts

By The Associated Press  
A large and severe hurricane neared Bermuda today while a Mexican hurricane brought storm warnings along the southern California coast.

The center of the Atlantic hurricane was expected to hit near east coast of British-owned resort colony, 600 miles off the Carolina coast. The hurricane, fourth of the season was first reported north of Puerto Rico last Sunday.

The Mexican hurricane, with 100 miles an hour winds, was expected to be centered about 20 miles south of San Diego by midnight tonight. The Weather bureau forecast heavy squalls and rough seas along the southern California coast today. The hurricane, off Baja, California, was moving northwestward about 13 miles an hour from its center about 70 miles west of Cedros island.

Record breaking temperatures hit parts of California yesterday. Two heat deaths were reported. The mercury soared to 108 at Glendale, a suburb of Los Angeles, which had a high of 103. The Weather bureau reported a high of 91 at San Francisco, the hottest Sept. 7 since 1922.

## Sum And Substance

Beneath the theory and oratory of the conference in Washington about Britain's financial crisis are two hard, cold facts that governments prefer not to talk about in understandable terms.

One is the fact that this is not really Britain's financial crisis, though it happens to be billed that way. It's a detail in a series of emergencies produced by the monstrous delusion that governments can support their people with money picked off trees. Britain isn't the only victim of the delusion. The United States and Canada are enchanted with the idea of something for nothing too.

The other fact is that governments, with the privilege of making the rules of the money game, can wipe out and bestow all wealth represented by money. That's what money experts mean when they use the word "devaluation." It says in effect to private persons who happen to have money that the Government reserves the power to wipe them out.

Eighteen years ago Great Britain went off the gold standard. Just as today, the British government then had run out of money that could be picked off trees. To conceal its plight, it sought refuge in double talk about foreign trade balances, gold ratios and business indexes. What it added up to was a reduction in the official value of money which wiped out or diminished the claims of millions of Britons and thereby saved the skins of a lot of bewildered labor party politicians.

Practically none of the benefits which were supposed to follow the decision happened. It would have been simpler then, just as it would be simpler now, to call a spade a spade and start digging—but that's not the way it's done in politics.

## Chinese Money

It man turn out that this government's involuntary decision to withdraw from the game of Chinese pressure politics was a mistake. Many thoughtful persons are calling it the most momentous event of the 20th century—placing it above both world wars in the category of historic happenings.

But merely to call the State department's recognition of futility in China a momentous event or a tragic outcome without stating what else could have been done is evasion of the problem. The same kind of evasion in reverse had caused the government to pour money into China in a lost cause, long after everybody knew the cause was lost.

What is needed, obviously, is a new policy about China to fill the vacuum left by abandonment of a policy that wasn't working. There should be no further frittering away of American resources in the amiable illusion that something is better than nothing, even though the something actually may be worse than nothing.

Senator Smith of New Jersey suggests that the White House be given \$100,000,000 to spend on Chinese pressure politics at its own discretion. He is one of a group of senators refusing to concede that something in China may be worse than nothing. In effect, he proposes that the United States fritter away another \$100,000,000 to conceal for itself the fact it previously had spent many times that much with nothing to show for it.

## An Impartial Referee

One of Senator Taft's purposes in his 1950 warmup tour now taking him to Ohio cities is to make sure that no one can possibly misunderstand his position on the Taft-Hartley act.

In a speech to a group of businessmen in Cleveland this week, he made it clear that he believes the government should be an impartial referee in issues between union leaders and business management. The Taft-Hartley act makes it impossible for the government to call the close plays in favor of either the union leaders or business management. It puts them on the same footing before the law. Therefore, the law is opposed by union leaders. The reason for their opposition is simple: They don't want the government to be impartial where they're concerned. They want it to call all the close plays in their favor. More-over, they'd like to have it call all the plays in their favor.

It goes without saying that Senator Taft would jump at a chance during his Ohio tour to debate the Taft-Hartley act in public with any union leader who wants to discuss the facts. It goes further without saying—and this is a hard admission to make in the United States—that union leaders don't want to discuss the facts of this issue. They want to defeat Robert A. Taft for re-election because the facts he likes to discuss embarrass them.

For Friday, September 9

THIS is a very lively and ambitious day for the launching of plans and projects of more than ordinary importance, with highly stimulated zeal and enthusiasm. However, in the management of funds it would be well to build upon ideas of well planned economy, since extravagance and overplaying the hand might beget loss, and have unfavorable reactions of a purely personal character. Rivalry and competition could cause unhappiness and jealousy.

## For the Birthday

Those whose birthday is is confronted by a splendid opportunity for launching projects and new enterprises with skill, enthusiasm and initiative. Courage and strenuous attack of worthwhile propositions could have excellent results, although carried to excess, or extravagant outlay, could stamper ambitious projects. There is hint of a purely personal reaction, with elements of jealousy, enmity, and a competitive spirit. With precaution, proper initiative there could be flourishing endeavors.

A child born on this day has excellent qualities for success and initiative, with skill, courage and creative talents and originality.

## ONE MAN'S OPINION

By WALTER KIERNAN

Two new boons to mankind are the remote-controlled lawnmower and the concrete guitar.

The Massachusetts man who invented the concrete guitar had nothing special in mind for it, he just likes to dabble in concrete, but it would be a handy thing to have at a Paul Robeson concert.

With a couple of musicians equipped with concrete guitars, six or seven with iron flutes and one man with a bronze bass fiddle Mr. Robeson would have not only an orchestra but a task force.

Tracing back what happened in Westchester it appears that Mr. Robeson may have been mistaken for a Democrat in highest Republican territory.

Anyway this electronic lawnmower is a real gift to us all—a fellow can mow his lawn while sitting in the living room merely by moving a small lever on a small box.

And I understand that when a neighbor wants to borrow the lawn-mower, moving the lever the opposite direction locks the wheels so he can't budge it—this is worth money.

A new drug is said to "flatten" influenza within a day. Just what influenza's being doing to us.

But here the feeling is that a grown girl may be excused a slip into baby talk . . . but that's all.

## Guarding Your Health

By DR. HERMAN BUNDESON

THERE are a number of different types of anemia. Pernicious anemia is one of them and is a serious condition in which the body fails to produce healthy red blood cells to replace those constantly being worn out and destroyed in our daily activity.

We have realized for many years that those who suffer from pernicious anemia lack some substance necessary to the regeneration of blood cells. We have known, too, that this substance is found abundantly in liver, but exactly what it was we did not know.

Now, after years of effort, scientists have succeeded in isolating this mysterious factor in pure form. Known as Vitamin B-12, it is said to be the most powerful and effective anti-anemic drug ever discovered.

Patients with pernicious anemia not only lose weight and strength, but also develop damage to the spinal cord if the disease is allowed to progress. Nervous symptoms include numbness and tingling of the arms and legs, and even more severe signs of disorder. Many patients develop inflammation of the nerves and loss of mental alertness.

It would appear that the Vitamin B-12 has particular value in the severe form of pernicious anemia in which the spinal cord is affected. For example, in recent studies of this vitamin, it was found that a number of patients treated by the injection of vitamin B-12 into a muscle had a gradual return of strength and mental alertness, their appetite improved, and a gain in weight occurred. Soreness of the tongue and mouth disappeared within a few days. The symptoms due to nerve inflammation also were gradually eliminated. In view of the extent of damage to the nervous system, the rate of improvement was remarkably rapid.

## Effect on Blood

The effect on the blood was checked by removing tissues from the breast bone through a large needle. Within 48 hours, in patients given relatively large doses of the Vitamin B-12, rapid regeneration of the red blood cells (normal in every way) occurred.

Unless the treatment for pernicious anemia is carried on continuously, relapses may occur and the symptoms become worse. Pernicious anemia can also be

treated with liver extract or extract of the lining membrane of the stomach. Perhaps combined treatment with these various substances will prove to be the most satisfactory method of taking care of the pernicious anemia patient in the future.

QUESTIONS AND ANSWERS  
J. B.: What is arthritis of the lower spine?

Answer: Osteoarthritis of the spine is a condition in which there is inflammation in the joints of the spine, together with an overgrowth of the bony tissues around the joint.

The exact cause of the disorder is not known, although the presence of a spot of infection somewhere in the body is responsible.

The removal of such spots of infection and building up the individual's general health are important factors in the treatment of the condition.

Realizing Ills  
Of Neurotics Near

CINCINNATI, Sept. 8 — The president of the American Congress of Physical Medicine believes his profession is on the brink of understanding many of the common complaints which are registered by so-called neurotic patients.

Dr. O. Leonard Huddleston of Santa Monica, Calif., head of the ACPM, told newsmen last night there were many legitimate excuses for the complaints of the neurotic patient.

"We recognize, evaluate and treat common complaints such as backache, indigestion, nervousness, insomnia, stiffness of joints, headaches and generalized aches and pains."

Marked advances have been made, he said, in the diagnostic phases of physical medicine, especially in neuromuscular disorders.

"I have performed research on the electromyograph," he declared,

ed, "which records visibly and audibly the electrical impulse which a muscle produces as it contracts. The impulse can be seen on a screen and heard over a loudspeaker."

Vets Eligible For Bonus  
Unable To Be Contacted

COLUMBUS, Sept. 8—Several thousand Ohio veterans who have applied for World War II bonuses cannot be reached today by mail by the office of Bonus Director Leslie G. Springer.

The bonus director said the veterans were supposed to have notified his office of the address changes since the filing of their applications.

A total of 731,380 veterans and next to kin of deceased World War II veterans were paid in August. Through that month, the total amount of bonuses paid out was \$225,659,945.

### Railroads Spent Close To \$32,000 Blocking Conveyor

COLUMBUS, Sept. 8.—(UP)—The railroads spent nearly \$32,000 to keep the proposed Lake Erie to Ohio river conveyor belt from getting approval of the Ohio legislature, expense accounts on file with Secretary of State Charles E. Sweeney showed today.

The railroads paid fees of \$5,000 each to Frank R. Uible of Cleveland and Jackson E. Betts, Findlay, both former speakers of the Ohio House of Representatives, to lobby against legislation that would have given the conveyor belt the status of public carrier with the right of eminent domain. In addition, the railroads spent close to \$22,000 in other phases of the fight to block the proposed "rubber railroad."

The Akron, Canton & Youngstown railroad, backer of the conveyor belt, listed only \$936.84 in expenses at the recent legislative session. It did not list salaries paid to any of its legislative representatives. Thomas E. Bateman, Columbus, and Carl Guess of Carroll county, represented the conveyor belt promoters in dealings with legislators. Guess listed expenses of \$787.57 and Bateman declared expenses of \$149.27.

Second biggest spenders in lobbying legislation were the backers of legislation to permit the sale and manufacture of colored oleomargarine in Ohio. Two groups listed expenses of \$15,762 in their futile fight to get a law through the 98th General Assembly.

Ed. D. Schorr, former state Republican chairman reported expenses of \$5,833.34 for the committee of Ohio Margarine Manufacturers. The association of voters for yellow margarine spent \$9,929.39.

The unsuccessful legislative fight against the Turnpike commission cost the Petroleum Industry committee of Ohio \$6,300, John L. Marsh, the committee's legislative agent, reported.

State law requires all lobbyists to register with the secretary of state and to report their expenses within 30 days after the final adjournment of the legislature.

### Elmwood Place Lady Grateful To Renell

Mrs. H. Zurich, 5640 Prosser Ave., Elmwood Pl., Ohio writes, "With the approval of my doctor I started taking Renell a short time ago, and since have lost 40 pounds. I feel much, much better and think it is the most wonderful way to lose weight, as I did not have to diet or starve myself. Imagine, eat plenty and lose weight with this simple yet effective amazing home recipe. After purchasing a bottle of Renell from your druggist pour the contents into a pint bottle and add enough grapefruit juice to fill bottle. Take two tablespoonsful twice a day.

That's all there is to it. No diets to complicate your meal planning. No expensive vitamins to fortify your system from weakness while going without food for you can eat normally. If the very first bottle doesn't show the simple, easy way to lose pounds of bulky fat and help regain slender, more youthful curves—if reducible excess fat doesn't seem to disappear all most like magic just return the empty bottle to the manufacturer for your money back. Don't be switched to another product, insist on and be sure to get the genuine Renell.

### Mrs. Brumbaugh Tells Of Trip

Mrs. Helen Brumbaugh, first vice president, gave a vivid review of places she visited in Mexico last summer in a talk to Quota club members Tuesday evening in the Memorial building. She also exhibited souvenirs.

Designated as a Mexican meeting, Mrs. Thomas Crothers, program chairman, emphasized the theme when she contributed miniature dolls from that country for decorations on the dinner table. The dolls were taken from Mrs. Crother's collection of approximately 200.

Each month one committee is guest of honor at the meeting and Tuesday night the membership committee was in the role of honor. The members received Mexican favors.

The committee in charge was made up of Misses Nora Greenawalt and Elsie Thomas, Mrs. Marie Roth and Mrs. Rinie Wark.

Collecting used hearing aids is one of the club's projects.

Several months ago an appeal was made for used aids that might be repaired and adjusted, with the result that 12 were secured. Eight were put in usable condition and helped that many persons.

Another appeal is now being made. Persons who will contribute discarded hearing aids are asked to contact Miss Hazel Linn, president of the club, at the Red Cross office.

The next meeting is Sept. 20.

### Cheerful Club Members Meet At Wilms Home

An arrangement of carnations and zinnias centered the table for a coverd luncheon Wednesday at the home of Mrs. John Wilms, N. Ellsworth ave. Places for members of the Cheerful club were marked with plastic baskets of various hues filled with candy.

Mrs. Lloyd Firth and Donna Jean Balsley were guests.

Mrs. James Minamy received the hostess prize, while a special prize was presented Mrs. D. C. Balsley.

As the guests were leaving for their homes the hostess gave each one a corsage of roses and carnations.

The Sept. 21 meeting will be at the home of Mrs. Everett Hall, Bank st.

### Plan Reception For Winona Couple

Mr. and Mrs. Roscoe Stanley are honoring their son Wilmer Stanley and his bride, the former Miss Mary Eva Guindon at an open house reception at their home on the Salem Winona road Saturday.

The hours they will receive and welcome their relatives and friends are from 2:30 until 8 p. m. No invitations have been issued.

### Reception At Grandfathers

Following the marriage service a reception was held at the home of the bride's grandfather, Wilfred Hall, near Barnesville for 168 relatives and friends. The refreshments were served from a buffet table on the lawn with yellow and white tones used throughout.

A tiered wedding cake was a feature.

Mrs. Stanley is the daughter of Mr. and Mrs. Albert Guindon of Fairhope, Ala., and has made her home in Columbus for the past five years. She was employed in the state office of vocational rehabilitation. She was a graduate of the Friends boarding school, Barnesville and the Bliss College of Business at Columbus.

Mr. Stanley also is a graduate of the Friends boarding school. He is employed at the Farm Bureau cooperative at Columbiana as warehouse manager.

After a short wedding trip the couple will be at home to their friends at their apartment on N. Ellsworth ave.

### Capt., Mrs. Hansen Honored At Party

Capt. and Mrs. John Hansen were honored at a picnic dinner party Tuesday evening at the home of Mr. and Mrs. Anthony Woina, Newgarden rd., given by the advisory board of the Salvation Army. Places were arranged for 18 members and their wives.

This was a farewell courtesy and the couple were presented a lovely gift. The officers have been transferred to the Massillon post and will assume their duties next week.

Capt. Hansen will be succeeded by Lieut. Hubert Knickerbacker of Cleveland.

Capt. Hansen is spending a few days at an Army conference at Lakeside.

William Sponseller, Homer Reese, Russell Myers, W. Miller, P. B. Myers and J. S. Myers are spending eight days at Loring on the Trout river, Ontario, Canada.

## Guindon-Stanley Wedding Monday Barnesville Event

Mr. and Mrs. Roscoe Stanley and a number of other people from this vicinity were among those who attended the wedding of Miss Mary Eva Guindon and Wilmer W. Stanley at the Friends meeting house near Barnesville Monday afternoon at 2 o'clock. The Friends marriage ceremony was used.

### Gowned In Nylon

The bride was lovely in a gown of sheer embroidered nylon. She also wore a head piece of white mums, and long white mitts.

Her maid of honor was her friend Miss Georgann Paritt of Columbus, who was attractively gowned in pastel blue net over taffeta.

Mr. Stanley chose for his best man, his friend Harold Sidwell of Winona.

Their other attendants were Mr. and Mrs. Clifford Guindon of Columbiana, R. D., brother and sister-in-law of the bride, and Warren Holloway of Lisbon, cousin of the groom and Miss Dorothy Mae Stanley, Salem R. D. 2, sister of the groom.

Mrs. Guindon and Miss Stanley wore gowns of pastel pink and green taffeta respectively.

Ushers were William Guindon of Barnesville, Miss Esther Holloway of Winona, Richard Oliphant of Winona, Mrs. Roy Joe Stuckey of Wilmington and Robert Stanley of Oskaloosa, Ia., and Miss Dorothy Jean Starbuck of Salem.

### Reception At Grandfathers

Following the marriage service a reception was held at the home of the bride's grandfather, Wilfred Hall, near Barnesville for 168 relatives and friends. The refreshments were served from a buffet table on the lawn with yellow and white tones used throughout.

A tiered wedding cake was a feature.

After a short wedding trip the couple will be at home to their friends at their apartment on N. Ellsworth ave.

### Enjoy Indoor Baseball At Party Wednesday

An indoor baseball game provided fun for members of Club 11 Wednesday evening when they were guests of Miss Mary Bohr, N. Hawley ave. Honors were shared by Mrs. Russell Hackett and Mrs. Charles Berg.

Later the women played Pitt. Lunch was served after the games.

The Sept. 21 meeting will be with Mrs. Thomas Hutson, Euclid st.

### Sharp Bridal Party Entertained

Members of the bridal party for the wedding of Miss Jeanne Elizabeth Sharp and Ford Fay Miskell, with members of Miss Sharp's family, were entertained by Mr. Miskell's parents, Mr. and Mrs. James B. Miskell Wednesday evening at a cocktail party in their home, Shaker Heights. Afterwards there was a dinner-dance at the Canterbury club.

### Leads Missionary Group

Mrs. G. C. Greenisen will be leader for a meeting of the Alice Dennig Missionary society of Holy Trinity Lutheran church at 7:45 p. m. Friday at the home of Mrs. J. A. Fehr, E. Third st.

### Mr. and Mrs. Walter DeJane of E. School st. have returned home from a 10-day visit with his sister and family, Mr. and Mrs. C. F. Noland at Kansas City, Mo. On their trip home they came by way of Boys Town, Neb.

T. V. Riffle and Mr. and Mrs. Harold McConner of Damascus rd. are home from a trip to Washington, D. C., points in Maryland and on the Skyline drive. They also attended a homecoming at Point Pleasant, W. Va.

Misses Pauline, Josephine and Rose Palmisano of Pittsburgh are visiting their sister, Mrs. John Bova of E. Sixth st.

### MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### Women's Group Holds Annual Outing

A picnic dinner, followed by a program of games and contests afforded pleasure for members of the Purify Women's association, who met Wednesday in Mt. Nebo grange hall, Salem-Lisbon rd., for their annual outing.

Mrs. Earl Windle, Mrs. Raymond Hart and Mrs. Harold Milliken were in charge of table arrangements. Places were set for 65.

The entertainment committee—Mrs. Willis McArtor, Mrs. Jesse Beck and Mrs. Arthur Henceroth were in charge of the program.

Mrs. Norman Muntz, Mrs. Lester Wisler, Mrs. Jesse Beck, Mrs. Albert Fronk, Mrs. Anna Shive and Mrs. Earl Milliken won prizes.

New officers of the association are:

President, Mrs. Raymond Hart; vice president, Mrs. George Bates; secretary, Mrs. John Stewart; treasurer, Mrs. Frank Simmons.

Committees are:

Entertainment—Mrs. Homer Dickerson, Mrs. Ralph Huston and Mrs. Tyrus Swartz.

Table—Mrs. Harvey Doyle, Mrs. George Phillis and Mrs. Fronk.

Mrs. Wisler invited the members to her home, Benton rd., for the 1950 reunion.

### Faith For Future, Is Speech Topic

A fine inspirational talk on "Faith For The Future" by Mrs. J. C. Pottorff highlighted an interesting meeting of the Methodist Women's Society of Christian Service Wednesday evening in the church. More than 80 members and guests attended.

Discussing how women can help to make a Christian world, Mrs. Pottorff made three suggestions: "To be an alert voting Christian; to support missions, and prayer for power to make faith workable."

Mrs. Charles McCorkhill, program chairman, presented the speaker. She also conducted the devotions under the theme of "Faith." A vocal solo, "My Faith Looks Up To Thee" by Mrs. G. T. Harding was included in the worship period. Mrs. Homer Taylor was the accompanist.

This was the first meeting of the fiscal year, and Mrs. O. A. Naragon, who is beginning her second year as president, introduced the new officers.

The session was held in the church school room, which was made attractive with lamps and garden flowers.

Mrs. Frank J. Mangus headed the committee from Group 2, which served refreshments.

The Oct. 5 meeting will be in the afternoon at the church.

### 60th Anniversary Observed At Party

The 58th wedding anniversary of Mr. and Mrs. L. A. Callahan of Youngstown, formerly of Salem, was celebrated at a lovely dinner party Saturday evening at Park View Inn, Canfield.

Forty-five friends and neighbors participated in the festivities. They were from Salem, Lisbon, Youngstown, Cleveland, Damascus, Pittsburgh, Columbiana and Alliance.

Autumn flowers in brilliant colors and tapers in silver candelabra decorated the table.

The John Rotzel, life long friend of the couple presided over an informal program, which included poems appropriate to the occasion. Several guests related acts of kindness, done by the honor guests, which have endeared them to a wide circle of friends.

As a take off on the radio program, "Breakfast at Sardis" a neighbor, Paul Breanner, presented a good neighbor orchid to Mrs. Callahan. At the same Mr. Callahan received a large sunflower.

The Callahans lived in Salem until 20 years ago when they went to Youngstown to reside.

### Miss Viola Hooper Jerry Iler Wedded

A double ring ceremony performed by Rev. Magnuson, united in marriage Miss Viola Hoopes, of Sebring and Jerry Iler of Salem at 4:45 p. m. last Friday in the Church of Christ, Sebring.

Matching suits of grey gabardine were worn by the couple. The bride complemented her outfit with brown accessories and a white orchid. Her gold bracelet was the groom's gift.

Maid of honor, Miss Ruth Jane Dawson was attired in a navy blue suit with white and navy accessories and an orchid corsage. Fred Bell was best man.

Mrs. Hoopes, mother of the bride, appeared in forest green with black accessories, while Mrs. Walker, mother of the groom, wore brown with accessories in contrasting shades. Both mothers wore orchid corsages.

After the ceremony a reception was held in the V. F. W. hall for approximately 150 guests.

The refreshment table was trimmed in pink and white and centered by a four-tiered cake made by the bride's mother.

The bride is the daughter of Mr. and Mrs. J. W. Hoopes of Sebring.

### Twenty Entertained At Miller Home

Mrs. Benson Miller and Miss Virginia Nichols delightfully entertained 20 guests Friday evening at the Miller home, Park ave., which was made attractive with garden flowers.

The affair was a stork shower for Mrs. John Hart. She received many lovely gifts, which were arranged on a table under pink and blue sprinkling cans to which was fastened a clothesline of baby clothes.

Games were played with prizes going to Miss Adda Firestone, Miss Della Weingart, Miss Martha Redman, Miss Viola Fideoe and Miss Bernice Cunningham.

Miss Shirley Haught of Lisbon entertained with a skit entitled, "Dance Me Around."

Mrs. Miller served lunch, assisted by Miss Nichols.

Mrs. Leonard Robbins of Cleveland was an out of town guest.

### Will Hold Picnic

The Girl Scout Leaders association will hold a picnic supper at 6 p. m. Thursday at Sevakene lake.

### Social Situations

SITUATION: You and your husband accept a dinner invitation.

WRONG WAY: Wait several months before inviting the couple who entertained you to have dinner at your house.

RIGHT WAY: Return the hospitality promptly enough so that the couple will feel that you enjoyed the evening and really want to see them again.

## Free ECA Dollar Spending Good For Britain---Bevin

By LYLE C. WILSON

WASHINGTON, Sept. 8.—(UP)—British foreign secretary Ernest Bevin said today the idea of Britain being allowed to spend Marshall Plan dollars anywhere "sounds rather good."

Secy. Bevin and Chancellor of the Exchequer Sir Stafford Cripps arrived here at 7:15 a. m. after an overnight trip from New York to participate in the dollar crisis conference with the United States and Canada.

The foreign secretary was told that Canadian Finance Minister Douglas C. Abbott yesterday said he would favor Britain having a free ECA dollar to spend anywhere.

"I would like to have a talk

### USE T-4-L FOR ATHLETE'S FOOT BECAUSE —

It has greater PENETRATING power. With 90% undiluted alcohol base, it carries the active medication DEEPLY, to kill the germ on contact. Get happy relief IN ONE HOUR or your 40c back at any drug store. Today at Flooding & Reynard,

with him," Bevin said. "It sounds rather good."

Representatives of the three governments will meet at noon for the first plenary meeting of the dollar conference.

Canada is represented by external affairs Secretary Lester B. Pearson and Finance Minister Douglas C. Abbott. The United States has a three-man team: Secretary of Treasury John W. Snyder, who will be conference chairman, Secretary of State Dean Acheson and Paul G. Hoffman, economic cooperation administrator.

Bevin told a shipboard news conference last night he and Sir Stafford Cripps would not ask the United States for additional monetary aid beyond Marshall Plan advances to which we already are committed. But he said the conferences would cover a broad political field as well as the financial problems arising from the fact that Great Britain's socialist government is on the way toward bankruptcy.

The political question arising from the British financial crisis

is whether the United States and the world can afford to let the United Kingdom continue to slide down hill during a period of cold war with Communism.

London dispatches revealed yesterday that the British would ask indirectly for large additional spending of United States treasury. These dispatches said Bevin bluntly would tell the dollar conference that the United States must be ready to take on a big share of the costly responsibility for the economic and general welfare of far eastern areas where British interests long have been dominant. These areas include India, Pakistan, Ceylon and Malaya. Long since the British successfully demanded that the United States take over the expensive job of blocking Communism in Greece and Turkey and, largely, of picking up much of the tab for occupation expenses in the British zone of Germany.

The British will ask and probably get permission to nullify formal promises that they would not discriminate against American goods in their foreign trade. They also hope for tariff concessions but none is likely to be given directly.

As the conferees met, the senate began consideration of the administration's reciprocal trade extension bill. Under the reciprocal trade program, United States tariff rates have been steadily lowered until it is estimated now that the walls are down to about the 1914 level. Further reductions are in the works.

There are bitter charges that what the British actually seek is entry into our markets to a degree dangerous to our own manufacturing community. These charges come from anti-administration forces and, specifically, opponents of extension of the Trade Agreements act.

Republican congressional spokesmen have sternly warned against hiking payments to Great Britain. The administration evidently has no plan to increase direct aid. But the conference may find sufficient indirect methods of aiding the British.

It is strictly a dollar crisis. The British are under fire for their own backward manufacturing methods. And while the British have been on the way toward going down the drain in financial relationship with the world at large, the Socialist government has undertaken a cradle-to-grave welfare and security program which is blamed by many critics for a large part of the dollar difficulties now confronting the United Kingdom. These critics say Socialism does not produce competitively.

Bevin, Chancellor of Exchequer Sir Stafford Cripps and their fellow Socialists rather sharply defend their system although it is a fact that there has been a steady demand on the capitalist United States to bail out Socialist Britain. The British argument, however, is that Socialist methods within the British Isles have no bearing on the country's inability to produce and compete in all world markets.

American officials have been careful to avoid interfering with British domestic matters. At a meeting yesterday, Snyder and his American associates agreed they would make no recommendations to the British. They will simply invite the British delegation to suggest what might be done. The Canadians also are agreed that it is up to the British to state the situation and come up with ideas for correcting it. Although Bevin will emphasize

the world political situation in his argument that the United States must help more to get Britain out of the hole, he will have political affairs back home very much in mind. A general election is coming up in Great Britain, perhaps this autumn. Devaluation of the pound sterling or any Socialist government pressure to get greater production at less cost from British workers doubtless would cost the government a lot of votes.

BEGIN WORKING ON NEW STATION IN COLUMBIANA

COLUMBIANA, Sept. 8.—Work has begun yesterday on grading the former American Legion lot on East Park avenue for a Texaco Oil Co., filling station. Permission was granted by city council, Tuesday evening, for the company to cut the curb in two places on Park avenue and one place on South Elm street. The lot fronts 120 feet on Park avenue and extends back 137 feet along Elm street.

Edward Creed, Jr., an employee of the oil company, and son of the purchaser, a Youngstown man who leased the site to the oil company, was before council Tuesday night and obtained permission to cut the curb. He was accompanied by Floyd Bowers, New Waterford contractor, who has moved in his power shovel a new sidewalk will be laid along Park avenue, and the sidewalk on Elm street will be reset. The new station will be ready in about two months.

The Gooding Amusement Co., which had parked its equipment there for the three days of the fair, was ordered to vacate and is occupying the Manos theater site at the northwest corner of the public square.

**Street Job Awarded**

Council awarded to McCartney & Sampson of Youngstown the contract to put liquid seal coats on six streets, South Cross, South Pearl, Middle and Vine streets and Woodland and Fairfield avenue. At 29 cents a square yard, the contract amounts to \$5,197.67 for 17,923 square yards. The rate per yard is two cents.

cheaper than last year, but more area is being covered.

Edward F. Holmes was before council relative to his new allotment in the northwest part of town involving the extension of Stanton and Byers avenues. It has been found that he owns a strip of ten feet wide and 208 feet long on the south side of the present Stanton avenue, on which are the public utilities. Mr. Holmes is giving this strip to the town and possibly a like strip on the north side of the street, which the records at Lisbon will have to determine.

**Heating Plans Proposed**

Lloyd Crawford of the Crawford Equipment Co. was before council with a proposal that his company be permitted to submit hot air heating specifications in connection with the proposed installation of a new heating plant in the municipal building. Walter McCaughy, Columbiana plumber, will also submit specifications for a wet heating system.

The street department was instructed to co-operate with Walter Lindsay, who plans to put a brick gutter along his premises on the west side of the first alley west of South Main street on Union street.

A bid of \$14,522.52 by the Koch Motor Co. for providing the water department with a new stake truck, less \$100 trade-in value, was accepted.

The street committee will try to iron out the parking problem of the Fred Yeiser Cab Co. on Main street.

An ordinance drafted for the regulation of trailer camps to the next meeting, Sept. 20, for further consideration.

The first crowds for the annual home-coming and street fair are expected this afternoon and evening, the fair to continue until Saturday midnight. Main street was closed to traffic last evening to permit erection of the exhibit tent, the Gooding Amusement Co.'s rides and other amusements and this morning all was in readiness for the fair.

Having proved such a center of interest last year, its first, the exhibit tent sponsored by the Chamber of Commerce for local merchants and manufacturers, who took all the space, 40 feet was added to its length this year, which gives it a length of 240 feet. And the exhibitors number three times as many as last year. Exhibitors are:

Crawford Equipment Co., Roller's Book Store, Fitzpatrick Brothers, Keller's Hardware, Mowen Cleaners, Sittler Flowers, Ben Franklin Store, Federated store, Homer Stahl's coal and builders' supplies, Battery Serv-

have the required 301,829 valid signatures. The petitions, from 60 of the 88 counties, bore 369,470 signatures when they were distributed for checking.

There have been fewer rejections than he had anticipated, Sweeney said.

The present Ohio election ballot lists candidates in a column under their party emblem. A single "X" at the top of the party column casts a vote for all candidates of that party.

The ballot sought in the proposed constitutional amendment is similar to the type used in Massachusetts and would ban straight-ticket voting with a single "X". The ballot puts all candidates for an office together in a separate group regardless of party. Affiliations are printed beside the names. An elector wishing to vote a straight ticket must make a separate "X" for each party candidate.

## Teen-Agers Blamed For Concert Riot

ALBANY, N. Y., Sept. 8.—The Westchester county district attorney today blamed teen-agers for most of the violence that followed the Paul Robeson concert near Peekskill Sunday.

At the same time the prosecutor, George M. Fanelli, in a preliminary report to Governor Dewey, inferentially denied the contention of Negro baritone Robeson that state and Westchester county police had attacked concert-goers.

Fanelli complimented all the law enforcement officials assigned to the concert area. He said "they accomplished an insuperable job of preventing fatalities."

Fanelli told governor his investigation indicated that "most of the damage and trouble came from teen-agers who had no connection with veteran groups" that paraded near the concert area in protest against what Dewey himself had termed a "pro-Communist" meeting.

Dewey released the report without comment. James C. Hagerty, the governor's press secretary, said the governor would not have a statement until full reports were in, including one from the Westchester sheriff, Fred W. Ruscoe, and from John A. Gaffney, state police superintendent.

Fanelli said that approximately three automobiles were overturned and that about 70 persons were injured after the concert Sunday afternoon.

Unofficial reports had placed the number of injured at more than 130.

Most of these were victims of attacks upon automobiles and buses carrying the Robeson concert-goers away from the grounds near Peekskill.

er Fitzsimmons, Deane Phillips and Joseph Boone, a new teacher are rehearsing their football squad at the field at the end of Superior ave.

A special assembly is scheduled at the High school at 2:30 p. m. Friday, Sept. 16, for the Junior High pupils. It will feature the Palmer-Martin marionettes.

There are 366 in the seventh and eighth grades and 266 in the elementary grades at the Junior High building.

#### Buckeye School

Students at Buckeye — 174 strong—will soon be enjoying a new "all-weather" playground, 125 by 230 feet. The surface of the school recreation center is covered with a fine gravel, laid over a solid bed of the coarse type gravel. This project will be finished this week.

The grading and seeding of the school yard, such a problem after the opening last year, has been completed and will greatly enhance the appearance of the "campus."

#### McKinley School

All the new rooms are occupied and finished at McKinley and grading and seeding of the school yard, disturbed by the construction, will be done next week, officials say.

The auditorium-gymnasium has a little work to be completed before use, however.

#### Reilly School

Amidst bricks, steel and other materials of construction, Reilly students are struggling through until that new building is finished. The school no longer uses the residence nearby for classrooms, the kindergarten youngsters having a room all their own now in the original Reilly structure. Some improvements have been made inside that section.

#### Prospect School

Prospect students got their first official glimpse of their new addition yesterday on a conducted tour by the teachers. They were "tickled pink," Miss Ora Montgomery, principal, reports.

The older part is as much of a treat as the new, she says, for it has all been improved.

#### Columbia School

Youngsters at Columbia street school found upon arrival yesterday that they are equipped this year with movable desks. This addition to the city's oldest building give the teachers and pupils the advantage of being able to re-arrange groups for various activities.

Edith I. Forbes, principal at Columbia, missed opening day activity because of illness.

publicans, statism describes a government which is reaching out for more power over the lives of the people.

Lucas said no one has lost any liberties under the Democratic program. "In fact," he added, "the great benefits have brought more happiness and contentment."

Senator Thomas (D-Utah) said a catch-phrase isn't likely to be very effective in ousting Democrats from the government. "The country isn't in danger of statism as long as the federal government has its checks and balances," he observed.

## Deaths and Funerals

#### MRS. HARRY K. CULP

Mrs. Maud Paisley Culp, 70, wife of Harry K. Culp and former Salem resident, died Wednesday evening in her home in Mansfield following several years illness.

She was born in Salineville the daughter of Mr. and Mrs. John Paisley and spent her early life in Wellsville.

She was a member of the Central Methodist church in Mansfield and the Order of Eastern Star, Minerva chapter in Columbus.

Besides her husband she is survived by three sons, Earl and Eugene Culp of Mansfield and Howard Culp of Mount Gilead; two sisters, Mrs. June Shultz of Cleveland and Mrs. Olive Chaney of Follansbee, W. Va.; three brothers, George Paisley of New Philadelphia and Fred and Albert Paisley of Wellsville and six grandchildren.

The funeral service will be held at 2 p. m. Saturday at the MacLean funeral home in Wells-

ville with Rev. W. J. Hewitt of Sycamore officiating. Burial will be in Spring Hill cemetery in Wellsville. Friends may call Friday evening at the funeral home.

#### HENRY F. LIPPETT

Henry F. Lippett, 75, of R. D. 1, Salem, died at 9:30 p. m. Wednesday at Salem City hospital after a month's illness. He was born on Dec. 12, 1873 in Allegheny, Pa., the son of John and Theresa Berger Lippett.

Mr. Lippett was a retired farmer and had lived in this area most of his life.

He is survived by his wife, Mrs. Mary Lippett; a son, William Lippett of Salem; three daughters, Lucille and Esther Lippett at home and Mrs. Steve Harnicher of Warren; two grandchildren; three sisters, Mrs. Theresa Rousher, Miss Anna Lippett and Mrs. Josephine Himmelsbach all of Salem. Three brothers preceded him in death.

Funeral service will be held at 10 a. m. Saturday in St. Paul's church with Rev. J. R. Gaffney officiating. Burial will be in Grandview cemetery. Friends

may call at the Stark memorial Friday afternoon and evening.

#### HARRY G. HAMMOND

Harry G. Hammond, 77, of North Benton died at 8:45 a. m. today at the Salem City hospital. He has been ill for six years. Born on Sept. 15, 1871 in East Springfield, O., he has lived in North Benton for 58 years. He is a retired farmer.

Mr. Hammond was a member of the North Benton Presbyterian church and was an active elder of the church for 50 years. He was made an honorary elder two years ago. Mr. and Mrs. Hammond celebrated their 50th wedding anniversary last Wednesday - one week before his death.

Survivors include his wife, Mrs. Maud Dickey Hammond; a son John and two grandchildren at home and a sister Mrs. John A. Jackson of Clarksburg, W. Va.

Funeral service will be held at the North Benton Presbyterian church at 2:30 p. m. Sunday with Rev. Thomas Holm, pastor, officiating. Burial will be in Hartzel cemetery.

Friends may call from 7 - 9 p. m. Saturday at the Cassaday and Turkle funeral home in Alliance. The body will lie in state at the church from 1:30 - 2:30 p. m. Sunday.

any settlement proposal that includes pensions.

Both sides said privately that a strike appears inevitable no matter what the board reports. The union has asked for 12½ cents an hour general pay boost, 11.23 cents an hour for pensions of \$150 monthly and 6.27 cents an hour for medical care and insurance.

There was speculation the board might recommend a general wage increase of three to six cents an hour; an insurance plan costing 4½ or five cents an hour; and refer the pension issue back to the parties for further negotiations.

#### Polio Causes Schools To Keep From Opening

CELINA, Sept. 8.—The prevalence of polio in western Ohio was blamed yesterday for the failure of four schools to reopen on schedule.

Schools in two communities, Ft. Recovery in Mercer county and Ansonia in Darke county, will not open until next Monday, school authorities said.

Schools in two other Darke county communities, Versailles and Rossburg, have set no date for opening.

Polio cases in Mercer county this year total 30. While no comparable figures are available for Darke county, the county has had nine deaths from the disease since June 30.

## Air Races Appear Due For Changes

CLEVELAND, Sept. 8.—(AP)—Definite changes in the National Air Races appeared certain today if they are to be held here again next year.

Mayor Thomas A. Burke was one of the latest to protest against the closed-course competition that took the life of flyer Bill Odom and two other persons Monday.

"Air races have been a great thing for aviation and this city," he said. "I am all for them if the danger can be removed; I am

definitely opposed, however, to any further closed-course racing." He said he would meet with racing officials and others on eliminating the danger "if they are to be held in Cleveland."

In nearby Berea, where Odom's plane crashed, Solicitor Paul H. Mitchell said he had been reliably informed that closed-course racing would be banned at Cleveland airport, the race site.

Odom's plane struck a house in the suburb, killing a young mother and her year-old in addition to the world famous pilot.

Mitchell made the statement at a Berea council meeting in which a resolution protesting the races was passed. The group authorized the solicitor to seek

an injunction, if necessary, to prevent further closed-course flying.

Directors for the air races are expected to meet soon, possibly next week, to take up the problem. Frederick C. Crawford, races president, said the entire situation must be "evaluated before a decision if and when to hold the event in 1950 can be reached."

Crawford is head of Thompson Products, Inc., here, which sponsored the fatal Thompson Trophy race.

"The air races have been valuable to the prestige of the city," he added. "We want to do the right thing."

Odom's body was to be shipped today to Columbus, Miss., where his parents live and where he will be buried. Funeral arrangements were incomplete.

The bodies of Mrs. Bradley C. Laird and her son, Craig, who died after fire enveloped their

flaming home, will be sent to Minneapolis today for burial.

## Spotlight Brings Fine

TOLEDO, Sept. 8.—John Seiple will pick his spot more carefully the next time he checks his spotlight. He was fined \$15 and costs by Clay township Justice Frank Karchner after he unknowingly played the beam on an approaching state highway patrol car.

## Jungle Inn Jury Named

WARREN, Sept. 8.—A jury was selected yesterday to hear the cases of John Farah, reputed operator of the Jungle Inn, and Albert Sudetic, an employee, charged with assault and battery by two Youngstown Vindicator newsmen, photographer Lloyd Jones and Reporter Adrian Slifka.

The United States has more than a dozen communities named Berlin.

## BRITISH SET TO DEFEND HONG KONG IF CHINESE COMMUNISTS ATTACK

HONG KONG — Hong Kong may be the spot where the East-West cold war turns hot, in the opinion of British high policy planners who regard the situation here as being of the same explosive importance as the Berlin airlift.

That, according to an authoritative spokesman here, is the main reason why Britain in the past two months has trebled the number of troops being sent here to forestall a possible attack by the Chinese Communists.

Two other factors also influenced the British government to expend its forces here.

1. Protection for the thousands of British subjects, including Chinese, Indians and Eurasians, who live here and owe allegiance to the British Crown.
2. Preservation of the colony's status as the show window and

sales counter for British goods and exports.

### Troops Brought In

British military sources here frankly admit they don't know whether the Communists will attack Hong Kong or not. It is apparent, however, that Britain believes the chances of such an attack have increased in the past few months. That is why troop postings here, originally set at about 8,000 have been raised to 25,000 and may possibly go higher.

Britain's decision was doubtless influenced by several factors:

1. Continued truculent statements by Chinese Communist bigwigs castigating foreign "imperialism" and reaffirming solidarity with Soviet Russia, as well as propaganda blasts at the Hong Kong authorities themselves.
2. Acts of violence against foreign consular officials and business men in Communist China, together with complaints from British business men that conditions under the Communists are becoming intolerable.
3. The wanton shelling of British warships in the Yangtze river and the subsequent holding for ransom of 66 British sailors aboard the sloop HMS Amethyst while demands were made for compensation and apology.

### Britons Indignant

This last factor is the one which rankled deepest, for the Royal Navy holds a very special spot in the hearts of all Britons, whatever their political beliefs. "Why, its just like slapping the King in the face," one Britisher exploded indignantly.

The subsequent escape of the

Amethyst was greeted with deep satisfaction.

British sources here admitted that while Britain may not be the world power she once was, she is still not going to stand for being "chivvied about." They concede Britons under Communist jurisdiction may have to suffer in silence, but Hong Kong is a British colony and just as much a part of the Empire as Gibraltar or Malta.

And Britain will fight just as hard to defend it.

## MODERN BOSSIES GIVE MORE MILK

NEW YORK — Fears that the milk cow might be going the way of the buffalo and the passenger pigeon are dispelled by figures compiled by the American Can Company.

Though the number of cows on U. S. farms has been declining at the rate of more than a million a year since 1945, the company said the supply of milk is more plentiful than ever.

The reason is that the 24,450,000 cows and heifers under two years old are giving as much or more milk as did some 27,770,000 animals in 1945. Due to more scientific and efficient dairy methods, the average cow's yield is now about two and a half tons of milk a year, an increase of 10 percent over 1945.

Furthermore, there is less waste or spoilage of milk today, due to the canning industry which last year put up some 3,360,000,000 cans of unsweetened evaporated milk and the equivalent of another 132,000,000 one-pound cans of the sweetened variety.

The bovine population now figures out to one cow for every six persons. In 1920, there was one for every five people and back in Grandpa's time in 1870, one for every four.

## East, West ... Farm's Best

CHICAGO — Farmers enjoy an occasional visit to a large city but they prefer their own farm homes as a steady thing.

Fred E. Herndon of Macomb, Ill., voiced the general farming sentiment when he said at a meeting of the International Federation of Agricultural Producers:

"A consolidated school system, rural electrification and modern conveniences have given farm people the edge on their city

cousins."

Walter L. Randolph of Montgomery, Ala., likes the "folksiness" of farm life. He commented:

"There's no place in the world as lonely as a hotel room in a city where you don't know anyone."

Randolph pointed to the crowds and dirt of city life. He said: "I'm not impressed with city skyscrapers. I like the natural things—trees, flowers and animals—and farm women."

## R. R. PRESIDENT TELLS ASPIRING FRESHMAN HOW

### He Looks Back With Nostalgia, But Outlines Plan

CHICAGO—Want to be a railroad president? Fifteen-year-old Eugene Knol, Blue Earth, Minn., a high school freshman, has his heart set on it. Eugene has taken his first step in achieving his ambition. He had to write a paper for school on what he planned to do in adult life. He needed expert advice, so he wrote to C. H. Buford, president of the Milwaukee road. The letter found its way through all the intricate channels in a huge railroad office and

finally reached Buford's desk. Buford said he read the letter with a nostalgic feeling. It had been years, he said, since railroad presidents were accustomed to receiving letters from boys with that ambition.

**Conditions Different**  
At one time it was the mark of the typical American boy. But today, Buford said, that ideal has somehow disappeared in a world of atomics and jet airplanes.

Buford was glad to write the letter, he said, and took considerable time from his duties. He was "on the spot," he said, so he thought about it for a long time, then sat down and outlined the steps he believes brought him to the top job.

This is his advice:

1. Keep strong and physically fit. This is a must for railroad men.
2. No young man can succeed in any line unless he is scrupulously honest, conscientious, and considerate of others. Develop

confidence in yourself, but don't be a smart aleck.

**Teamwork Needed**  
3. Industry and co-operation are important. Teamwork is as essential on a railroad as on a football field.

4. Learn and remember the value of the dollar. Don't be miserly, but get value received for what you spend, and don't squander either your own or your employer's money.

5. Cultivate and develop a pleasing and friendly personality.  
6. Finish college, and, perhaps a technical or professional school. Specialize in some type of engineering, accounting, business administration, law, or some other field. It is possible to achieve the presidency through any of these lines.

**Vacation Advice**  
7. Spend your summer vacations working on a railroad. You must know a great deal about all types of railroad work.

8. When you get that vacation job, get a letter of recommendation or go on your own. Sell yourself to your employer. Tell him that you are not afraid to work and that you are ready to start.

9. When your preparations are finished, go after your permanent job the same way you went after the vacation job.

From then on it's up to you. The railroad president concluded:

"I sincerely hope that your ambition may be alleviated and that some day, when I am not around, those of your generation will read the annual report of a large railroad, signed by Eugene Knol, president."

## ★ IN HOLLYWOOD ★

By **ERSKINE JOHNSON**

**HOLLYWOOD**—(NEA)—The new lady mayor of Toluca Lake was graduating from the Beverly Hills high school.

Which shows you how complicated Hollywood can get.

The new mayor, just installed, is Ann Blyth. Her graduation ceremony was for a scene in Sam Goldwyn's new movie, "Beloved Over All." They shot the scene in the Beverly Hills high school auditorium, renamed Magnolia High school for the occasion.

That certain lady columnist renamed the picture before it even started. She announced "Beloved Over All" as "Beloved All Over." But that's beside the point.

The point is what the lady mayor said to the Los Angeles mayor, Fletcher Bowron, who helped induct her into office. He handed her a shillalah and told her that if she ever used it on the heads of her city councilmen she would find that it still did no good but would give her a lot of satisfaction.

Mayor Blyth replied: "I'm just hoping they don't give me a mickey."

### Broken Toe Not In Script

ANN DVORAK was wearing a frowsy blonde wig, three inches of padding and a broken toe. The broken toe wasn't in the script. She opened her ice box and a milk bottle fell on it. That's something to remember.

The frowsy wig and the padding were in the script.

"I'm a real character in this," Ann said. "I'm such a character I think I'll be afraid to see myself. The padding makes her 30 pounds heavier."

She hasn't seen any of the rushes. "They tell me," she said, "that it looks sexy. But it's not supposed to be."

Donald Cook was glad to be back in Hollywood after five years. He has been co-starring with Tallulah Bankhead on the stage.

"I came to Hollywood to recoup," he laughed.

Before leaving New York, Cook signed up for a television show. The producer said:

"I've seen some of your performances on television and you look great."

"But I've never appeared before on television," Cook protested.

The television producer then mentioned a couple of movies, starring Cook, which had been released on television.

Cook howled.  
"No wonder I look good on television," he said. "Those pictures were made in 1930. I was 19 years younger."

### Producer Has Last Word

PHYLLIS KIRK, the New York model making her film debut in the picture, came to Hollywood a brunet. Goldwyn's publicity department made a mistake and announced before her arrival, that she was a blonde.

But when Phyllis stepped off the train she was a brunet. She got mad and said something about blondes being a dime a dozen and that she was very happy to be a brunet, thank you.

Then she took a screen test and Goldwyn decided she looked better as a blonde. Now she's a blonde. In Hollywood women don't have the last word. The producers do.

## SEE NO DECREASE IN NEW HOME COSTS

### By United Press

The price of a new home will stay about the same for the next year and may go slightly higher, contractors across the nation predicted today.

Their consensus was obtained by United Press in a spot check of building costs in 22 widely scattered cities.

Few home builders saw much prospect for lower prices.

The average price of a five-room frame house in a middle-class residential neighborhood in the 22 cities was estimated roughly at \$9,090, not including the lot.

Highest building costs were found in Chicago and Louisville, Ky., where contractors said an average five-room frame residence would cost about \$12,000.

In Oklahoma City, contractors said the same house would cost about \$6,000, the lowest price uncovered in the survey.

In Louisville, several builders said they have quit constructing small homes because costs are too high and they cannot be sold at a profit.

Most contractors cited high wages in the construction industry, higher freight rates and few substantial cuts in material prices to support their belief that prices for homes will not drop.

The average price of a five-room frame house, not counting the lot, was estimated in Columbus, O., at \$8,250.

### Plane Suspect Released

CLEVELAND, Sept. 8 — William L. Lefever, 28, arrested Sunday in the slashing of fabric on a plane entered in the National Air Races, was released from jail yesterday.

First Assistant Police Prosecu-

tor Bernard W. Conway said no one had appeared to press charges against the Reidsville, N. C. pilot.

Lefever, a competitor in the races last year, signed a waiver before his release, the prosecutor said.

## Taft Feels It's Time To Quit Helping Great Britain

WASHINGTON, Sept. 8 — Senator Taft believes the time has come the British must adjust themselves to the world as they find it.

The Ohio Republican in a report to his constituents today, said he always views with skepticism the idea that a country suddenly is going to collapse.

"The value of the pound may drop," Taft said. "There may be tremendous excitement in the newspapers. But somehow the people in a country seem to go on living through collapse in very much the same way in which they always have lived."

The senator pointed out that the United States put \$2,750,000 into the Bretton Woods International monetary fund, then gave a three-year \$4,000,000,000 loan to Britain and last year another \$1,250,000,000 through ECA.

"I've always felt some emergency aid to meet the war situation was justified," he said. "But today the war has been over four years, and as far as aid for reconstruction or readjustment was justified, it has been given."

## Safety President Flays Death Total

CHICAGO, Sept. 8 — Ned H. Dearborn, president of the National Safety Council, said today the record accident death toll of Labor Day weekend was "enough to make every decent American sick at heart and boiling mad."

"A nation posing as civilized has just given one of the most shocking peacetime exhibitions of mass indifference, recklessness and insatiable craving to show off that the world has ever seen," he said in a statement.

"America has ironically and tragically celebrated a holiday dedicated to the advancement and welfare of its citizens by wantonly killing more than 500 of those citizens in accidents that need never have happened."

"Approximately 400 of these holiday victims died in traffic accidents—the biggest holiday traffic death toll in history."

"A holiday record like this makes a mockery of the term, 'pleasure driving.' When the streets and highways are used like this, driving is a grim business."

"It's time the country took steps to stop this sort of thing and prevent it from ever happening again. Whatever this means, let's do it."

# Tight 'Til The Seventh, Then Amvets Break It Up 12 To 3

## Laughlin's Homer Ends Bliss Resistance; Title Comes On Zines' No-Hitter

By DON E. BEATTIE

Salem's Amvets — 1949 city softball champions and winners of the American league title as well — wrapped up the championship 12-3 over Bliss Thursday at Reilly stadium in a blaze of power unequalled throughout the grinding Shaughnessy playoffs.

Again — and it's almost getting monotonous writing about it — Wayne "Confident Kirby" Laughlin was the game-breaker. He did it in typical Laughlin style, powdering a 220-foot smash into the right centerfield stands with a runner on.

That smash, in the top of the seventh inning with the score knotted with the Bliss Cardinals 3-3, broke up the game and unleashed a furious Amvet scoring spree that wound up with a nine run inning total.

Johnny Zines, the smooth hurler who has had so much trouble getting a city title in past years, was at his best. Despite the fact that the Bliss scored three runs, Zines turned in a no-hit game, one of the few ever recorded in city playoffs.

Zines fanned four Blissmen, walked three and hit two. The walks, one error and one hit batter resulted in the three Bliss runs — scored mainly as a result of excellent base running by the runnerup outfit.

The ball game was a honey all the way.

It started loose and on the sloppy side, but things soon tightened up and it went beautifully 3-3 right up to the final frame. Then — whoosh, and the Amvets were so far out in front as to be virtually untouchable. It was a surge of power seldom seen with a hurler like Wayne "Muscles" Russell working.

Muscles was tapped — and "tap" is hardly the word — for more hits last night than any team has racked up against him this season. The Amvets came through with 13 bingles, including Laughlin's homer and one by Pat Mancuso in the seventh. Laughlin also had a double.

How did it happen? Well, the Amvets looked like a team cinched of victory in the first half of the first. Pat Mancuso led off with a single, Jimmie Appedison fanned and then Laughlin smashed a streak double down the first base line, scoring Mancuso. Paul Stratton singled Laughlin home and scored himself when Dave Kachner's pop bingle went to left center and fell between Bliss outfielders.

It was 3-0 and Bliss hopes were deflated momentarily. But things soon picked up. Playing not-too-sharp ball, the Amvets saw Jimmie Primm dash like a streak around to score from first, after a Zines pitch put him on, when Buster Wukotich booted Chet Tetlow's grounder at second.

Wukotich actually, "booted" too, for the ball flew over the third base line in left field after he kicked it as attempting to make the play.

Tetlow moved around the sacks and scored from third as Walt Brian fanned and a play was made at first to retire him after Mel Wukotich dropped the third one. Tetlow slid in to score beautifully on the play back at the plate. It was 3-2 and things were looking up for Bliss.

Nothing happened of note in the second, but in the third Del Court led off and was hit by another Zines pitch. Primm sacrificed him neatly to second and he went to third on Tetlow's bounder to Pat Mancuso, who threw Tetlow out at first.

On a passed ball at the plate, Court literally flew down the base line and tallied, sliding under Pitcher Zines at the platter. It was all tied up.

For three innings things were tighter than a drum. No one could get that big run needed to win. Then came the seventh!

Mancuso led off for the Amvets and fanned. Woods walked and up came Laughlin. With the count three and two, Kirby whaled in to a shoulder high pitch — and it was gone from the start.

The sacks were empty and the score was 5-3, Amvets. One man was out. Stratton singled and went to third on an error in centerfield. He scored later, after Mel Wukotich was safe on a fielder's choice. Kachner singled and Buster was safe on an FC. Then Doggie Scullion was hit by Zines and the sacks were still full. Up came Johnny Zines with another single and the sacks stayed jammed.

Patty Mancuso then laid into one, his second trip up in the inning, and it bounded off the wall in deep right field. But fast Pat, a demon on the sacks, was around and sliding in safely when the throw came in from right center. It was a grand slam homer.

Before the inning was out, Laughlin had singled for his third hit in five trips to the plate. Stratton obligingly ended it all by popping up to third.

The Bliss couldn't get a herring in their half of the last, Norm Smith getting a walk but advancing nowhere.

Throughout the game, Zines allowed only one Bliss ball to get out of the infield. That was Pete Davis' smash to center field for an out in the seventh.

Trophies signifying champions and runnersup were presented to Ralph Mancuso and Ralph Long.

Amvet and Bliss managers, respectively.

Trophies were also given the batting champs of both leagues. Laughlin of the American and Ralph Moffett, VFW catcher in the National loop. The umpires, John DeFavero, Steve Zalko, Bill Rich, Jim Jackson and Carl Field, also were given small trophies by Joe Kelley, league manager.

## TRIBE FORCED TO LISTEN TO NEWS FROM THOSE YANKS

### Idled By Rain, Cleveland Sits By As Yankees Get Half Game More

DETROIT, Sept. 8—(AP)—Washed out of their opener with the Detroit Tigers yesterday, all the Cleveland Indians could do was listen to the news from New York—and the news wasn't good.

The Yankees whipped the runner-up Boston Red Sox there yesterday, overcoming a two-run deficit and adding three more for good measure. They fattened their lead over Boston to 2 1/2 games by the win. And, incidentally gained a half-way game on the idle Tribe for a five-game bulge.

Rain flooded Briggs stadium here early last evening, postponing the first game in a two-game series. An afternoon-night double-header will be played today.

Detroit Manager Red Rolfe passed up his original choice of Virgil "Fire" Trucks as starting pitcher in the first set-to. He will use Ted Gray, a young left-hander with a 9-9 record, in his place.

Early Wynn, who has 10 wins against five losses, is Manager Lou Boudreau's choice to oppose Gray.

Rolfe said he decided to use Gray instead of right-hander Trucks because Dale Mitchell, Larry Doby and Mickey Vernon, the Indians' three leading hitters, are all left-handed sluggers. He thinks a southpaw will slow them down.

"If we can stop the three of them, we will have gone a long way toward stopping the Indians," Rolfe said.

Trucks, who holds a 16-10 slate, will be available for relief.

In the nightcap, Bob Feller (13-10) will be pitted against Tiger hurler Hal Newhouser (15-9).

The Bengals have won six straight and have taken 14 of their last 16 tilts. If they take both ends of today's twin-bill, they will be tied with the Tribe for third place.

But the Indians, with five straight victories over Detroit and a season record of nine wins in 14 engagements against them, have no idea of being tied for third spot. They're still hoping for the pennant.

## Large Fan Throng Due At Leetonia

A large delegation of ardent football enthusiasts will crowd into the Leetonia High school stadium Friday night to cheer their teams on to victory in the Mahoning Valley preview. Four 15 minute games are scheduled to be played, with the first starting at 7:45.

Columbiana county sports followers will get a chance to see two of their teams in action. Columbiana is pitted against Springfield township in the third game and Leetonia will attempt to inaugurate a football season reminiscent of the "good old days" when it plays Louisville in the last game.

The first game features Warren St. Mary's and McDonald, while in the second contest Sebring plays Canfield.

Previews have always drawn large crowds in this area, satisfying fans who are anxiously waiting football season to begin. Although the games are only 15 minutes long, they will help some of the green teams into actual game experience.

PETER PIROGOV, 28-year-old Russian flyer who was Anatoly Barsov's partner in flight from Soviet to U. S.-occupied zone of Austria, tells reporters in New York that Barsov "will die like a dog" within six months after return to Russia. Barsov was flown back to Austria from the U. S. at his own request and turned over to Soviet authorities. His family is in Russia, and he chose to return after contact with the Russian embassy in Washington. (International)

## MORRIS OILERS TAKE CLASS "B" SOFTBALL TITLE

### Corso Outfit Dropped 2-6 In Series Final At Stadium Thursday

Leetonia's Morris Oilers captured the Class B softball championship Thursday evening at Reilly stadium in an 8-6 battle with the Corso Driveins.

In another nip and tuck battle, with the lead changing hands virtually every time at bat, the Leetonians finally clinched the fray after a slow start.

Once again Pitcher Leo Kline lost in a game in which his teammates gave him more hits than he held the losers to. Morris got only eight hits, but scored as many runs. The Corso club whammed out 10 bingles but failed to convert them. Three walks aided the Morris cause.

## Buckeye Squad Has 2nd Scrimmage

COLUMBUS, Sept. 8—(AP)—The Ohio State football team's second scrimmage of the fall practice season was to be held today.

Minor injuries of the last few days will alter the personnel of the "A" and "B" squads from that of the first scrimmage last week.

Wal Klevay moved into the "A" team right half spot and Park Blubaugh and Karl Sturtz are alternating in filling Klevay's shoes on the second spot. Those changes were brought about by the temporary sidelining of Ray Hamilton with a groin injury.

While Tom Watson remained on the shelf with his trick knees, End Ed Basinger moved into Watson's second string spot behind Jim Hague at right end, Chuck Gilbert, normally second-string left end, is still on the ailing list.

The squad got its first dose of really warm weather yesterday and cavorted during the afternoon session in tee shirts and shorts. Contact play was kept to a minimum because of the number of aches and pains resulting from earlier drills.

Construction of a \$1,500,000 harness racing plant on the Furlong highway outside Baltimore has been approved by the Maryland Racing commission.

The No. 45 jersey worn by Glenn Dobbs when he starred for Tulsa U. is the only jersey ever retired by the school.

## 2 Americans Held By Reds Doing Well

BERLIN, Sept. 8.—(UP)—Two American college students arrested by the Russians while trying to bicycle through the Soviet zone to Berlin without permits are being fairly well treated but will not be released immediately, official reports said today.

Brig. Gen. W. W. Hess Jr., chief of the U. S. liaison mission to the Soviet military headquarters, said he was permitted to interview the two Americans yesterday in the Soviet zone city of Magdeburg, 75 miles west of Berlin.

"They objected to many things but they did not look ill-treated," Hess said.

The youths are Warren Oelsner, 20, of Oyster Bay, Long Island, N. Y., and Peter H. Sellers, 18, of Radnor, Pa. They were arrested by the Russians July 30 while trying to take pictures in a Soviet zone town.

Some time after their arrest the Russians demanded that American authorities return three Soviet soldiers who allegedly deserted to the American zone. From this, authorities said, it appeared the Russians were holding the youths as hostages.

Hess said the Russians told him the two youths were not charged with any specific offense. He indicated, however, that their release was not expected immediately.

Hess indicated that the treatment accorded the two youths had improved before he was permitted to see them.

"They are being treated better than they were at one time," Hess said. "They looked clean but they probably were not always that way."

Soviet officers stood by during his interview with the two captives, Hess said.

## TRUMAN OPENS CAMPAIGN TALK

Observers Believe President Will Fire Hard Now In Congress Races

INDEPENDENCE, Mo., Sept. 8.—(AP)—Top ranking advisors, said today President Truman will spearhead the Democratic campaign in next year's congressional elections by personal appearances in key states.

These presidential associates, unquoting by name, said Truman's Labor day speeches were just a sample of the technique he will use in a rear platform stumping tour in 1950.

Most of them were agreed that Truman is undecided whether he will seek re-election in 1952. They also felt that he will make no decision until after the returns are in from next November's voting on senators and representatives.

**Lashes Special Interests**  
The President started his 1950 campaigning early by lashing "organized special interests" in speeches at Pittsburgh and Des Moines.

He sought to drum up support

for enactment of the Brannan production payment plan and for repeal of the Taft-Hartley labor act.

He defended the Democratic controlled 81st congress for repairing "most of the damage" he said the GOP-dominated 80th did, but he added:

"There are still many reactionary senators and representatives in congress, but they are no longer in control as they were last year and the year before."

"They are still doing all they can to slow up our progress, but they are not able to stop it."

The President flew into Missouri last night immediately after his address to the American Veterans of World War II (Amvets) at Des Moines.

He flew back to Washington Tuesday with Mrs. Truman after a visit with his sister, Miss Mary Jane Truman, and his brother, J. Vivian Truman at their homes in nearby Grandview, Mo.

### Takes Off At Noon

The Presidential plane, the "Independence," was due to take off at noon on the four hour flight to the capital, completing a 2,000-mile trip.

Truman eyed a tighter farm labor coalition in 1950 in his Des Moines speech and in an earlier one at Pittsburgh. In Pittsburgh he spoke at the Allegheny county fair grounds before a once estimated crowd of 100,000.

There, the President accused his opposition of trying to block the "Fair Deal" program with a "scare word campaign."

He announced a fight to the finish for the "progressive" measures and a battle for repeal of the "repressive" Taft-Hartley act until it is "wiped" off the statute books.

He contended the current congress had made progress with his

proposals in the teeth of "trumped up slogans" like statism, welfare state, collectivism and socialism.

At Des Moines, at the annual convention of the Amvets, the President spoke confidently of prospects of enactment of Secretary of Agriculture Brannan's controversial production payment plan.

## SENATOR PUSHES CHINA AID PLAN

Compromise By Senator Provides For Committee To Investigate

WASHINGTON, Sept. 8.—(AP)—A compromise plan for aid to non-Communist China was put forward today by Senator H. Alexander Smith (R-NJ).

He said he was expressing his own views but that he has been led to believe that the State department will not be unfriendly to his proposal.

Smith suggested that congress authorize perhaps \$100,000,000 to be spent at the President's discretion on military, economic and "ideological" activities in China and other parts of the Far East.

He proposed that the President spend the fund through a commission composed of such men as General A. C. Wedemeyer, who made an exhaustive study and a long-secret report on the Chinese situation, and J. Leighton Stuart, the U. S. ambassador to China, who is now in this country.

Smith is one of a group of senators led by Senator Knowland (R-Cal.) who have been trying to add arms aid for non-Communist China to the administration's \$1,450,000,000 military assistance bill.

Secretary of State Acheson, who wrote off China's Nationalist government headed by Chiang Kai-Shek as a failure, has taken the position that he would not be justified in asking arms for that country. He told congress recently, however, that a fund to be spent in the Far East at the President's discretion would be helpful.

Senator Connally of Texas, the Democratic foreign policy leader in the Senate, told reporters yesterday that he felt certain the Senate will not vote arms for the Nationalist government.

He said he thought a compromise might be worked out, however, providing an arms fund to be used in Asia at the President's discretion but making no specific

mention of China or any other area.

## So They Say

Our real problem today centers about what we are going to do about England. Everyone wants to know, a great deal depends upon it.—Bernard Baruch.

The greatest problem facing the

world today is that of raising the standard of living of the people, not just maintaining it.—Secretary of the Interior Julius A. Krug.

I am firmly convinced that without the Marshall Plan we would have had communism in Italy and France today. There would have been much distress and unemployment in England.—Wallace B. Phillips, president, American Chamber of Commerce in London.
